The Prime of Miss Jean Brodie was performed by Mr. Carrelli's Play Production class on December 11-13, 1975. It concerned a Scottish teacher and her influence on the students she taught. The production was chosen by the Southern California Educational Theatre Association to be performed at California State University at Northridge in January 1976. It was one of four selected from over thirty high schools that had entered their fall productions.

A DAY IN THE LIFE OF A PRINCIPAL

I want to extend my congratulations to the members of the Aurorian Class of 1976 and wish them well in the future. I sincerely hope that all Chancellors have found this past year to be meaningful and productive and that your learning and education continue to hold value for you in the coming years. Learning, as you have heard many times, is an ongoing process and one which hopefully never stops--for if we stop learning, stop being receptive to the world around us, we have closed ourselves away and have lost our chance to grow. The school process is our opportunity, our chance, to learn, to gain knowledge, to grow, and to become a more and more complete person.
